PROGRAM FOR KIDS AND FAMILIES

MINI MAK Tour**

Guided tour for the whole family (ages 4+)

Everything Chinese at MINI MAK

Sun, 21 Apr 2019, 11 a.m.

On a MINI MAK tour through our exhibition you will learn quite a lot. A famous artist called Ai Weiwei has lost a circle?! Help us look for it and maybe in the end you will get an Easter egg after all!

Old China—new China

Sun, 19 May 2019, 11 a.m.

Can you hear that? Isn't that somebody whispering? No, it's the wind. Or maybe not? Visit the MAK and have a look at what Chinese art can do! ... but shh, be very quiet ...

MAK4FAMILY**

Workshop for the whole family (ages 4+)

Chinese Whispers

Sat, 23 Feb and 27 Apr 2019, 2–4 p.m.

At the MAK, there is an exhibition with a lot of modern art from China and very old Chinese objects from our collection. If you listen very carefully, you can hear the things whisper! But what might they be telling each other? The MINI MAK storytellers will whisper it into your ear. Afterwards there will be a workshop—there you will need to collaborate, but please without whispering!

Great, greater, the greatest—Chinese art in Vienna

Sat, 11 May and 25 May 2019, 2–4 p.m.

In China not everything is allowed, and some artists even have to hide their works or sell them before anybody sees them. Join us on an incredible journey through China's art and culture and afterwards, in a workshop, create your own concept for a gigantic piece of art in the public space.

MAK Design Kids**

Workshop for 8- to 12-year-olds (unaccompanied)

Calligraphy like never before!

with Natascha Safarik, calligrapher

Sat, 20 Apr, 5 May, and 18 May 2019, 2–4 p.m.

Some of the artists of the MAK exhibition CHINESE WHISPERS work with the technique of calligraphy. But this doesn't only exist in China. Experiment with various materials and shapes and try different techniques to get to know calligraphy and apply it using your imagination.

** Online registration at [MAK.at/en/program/guided_tours](https://www.mak.at/en/program/guided_tours)

Tours and events are held in German, unless stated otherwise.

Further information is available at [MAK.at](https://www.mak.at).
